Printing Student Usage Reports

For My Math Academy

- 1. Click **Dashboards** and select **Usage** from the drop-down menu.
- 2. Select the This Week or Overall tab.
- 3. Click the **Download CSV** or **Print** icons to print the usage data or save it as a spreadsheet.

Student Engagement This Week				
Rostered	Active (% Active)	On Track for 45 Minutes (% Actives On Track)		
11	10 91%	0 0%		

4. If you have selected This Week, usage data will cover the current week only and look like this.

Student Usage				
	 Not On Track On-Track 	Met Goal		
Measu	urements below are in minutes, trackin	g against a 45 minute goal.		
Student Usage table				
[↑] ↓ Student Name	Progress in Minutes	Key:		
G Student ubbu				
C Student uaq9	14	14		
C Student uas7	15	15		
🔁 Student u83i	15	15		
C Student u8k5	15	15		
C Student u9vq	16	16		
C Student ubiw	16	16		
🔓 Student u9fa	18	18		
C Student u9zk	18	18		
C Student u88c	25	25		
C Student u9w2	26	26		

5. If you've selected **Overall**, the data will cover the current week and seven prior weeks. The top two graphs will be for the entire class; the following graphs will be for each individual student.
